Tom's emphasis on functional fitness addresses mechanics and training strategy. No wasted movement and no wasted time, transferring benefits gained in the training room to the pitching mound. You're getting state-of-the-art and science conditioning ideas for a successful, long pitching career. You'll find effective and efficient pitcher-specific exercises, drills, workouts, and programs, and you'll get insights—such as when a sore arm is an injured arm—that will help get you healthy, if necessary, and will keep you healthy.

Randy Johnson, MLB pitcher
